

POOR FAMILY IS AIDED THROUGH NOTICE IN STAR

Mrs. Jennie Glickman and Her
Five Children Are Given Food,
Clothing and Money.

FAMILY THANKS PAPER FOR ITS ACTIVITY

Husband Is in Hospital About to
Undergo a Serious Op-
eration.

Immediately after learning of the destitution, through THE EVENING STAR, of Mrs. Jennie Glickman and her five children, various charitable organizations and the overseer of the poor department got busy yesterday and gave relief to the suffering ones.

Food, fuel, clothes and money was provided by the overseer, and Adolph Duch, of his department. Through Alderman Elmer A. Day the Second Ward Relief Association did its share, while Superintendent George A. Simmons, of the Rescue Home, was also a "good Samaritan."

Mrs. Glickman lives with her children at 209 Court street, while her husband, who has been an invalid for two years, lies in the charity ward at Beth Israel Hospital.

A relative, kind neighbors and a charitable landlord were the ones responsible for keeping the ill-fated family from starvation for the past two months.

Mrs. Glickman was grateful today for all that was done for her and thanked THE EVENING STAR for enlightening the outside world of the sufferings of her children and herself.

Various other contributions for the aid of the destitute family were received today, as follows:

Morris Snyder, \$3; Morris J. Schutzmans, \$1.25; Samuel J. Branne, \$1; A Friend of the Poor, \$1.
To the Editor of the Evening Star:
Enclosed please find money order for \$1.75 for Mrs. Glickman, of 209 Court street. I read the story in your valuable paper. I wish I could do more for that poor, unfortunate family. Respectfully yours, M. J. SCHUTZMAN, 178 Spruce street.

To the Editor of the Evening Star:
Having read the sad case of Mrs. Jennie Glickman, I hereby send to you \$1, which you will kindly forward to her. You have always done so when you were asked to, and I know you will do the same now.

Hoping to read it in THE EVENING STAR tomorrow, and thanking you in advance for your kindness, I remain
A FRIEND OF THE POOR.

HAMMERSTEIN TO HEAD GREAT OPERA MERGER, IS RUMOR

NEW YORK, Jan. 9.—That the project of combining the forces and the opera houses of the Metropolitan Opera Company and of Oscar Hammerstein is under consideration, is an announcement the World makes today. The scheme, it is stated, depends on Mr. Hammerstein, who has only to say the word to be put in charge of such a combination.

MINISTER TO LECTURE ON THE FROZEN NORTH.

Missionary Life with a Dog Train.

The Rev. Egerton R. Young, the well-known author and missionary, will deliver an address tomorrow evening in the Third Presbyterian Church on "Wild Missionary Life with Dog Train and Canoes Among the Indians in the Land of Auroras." He comes from the frozen regions of the North to tell of his work among the Indians.

Mr. Young has held English audiences spellbound for two hours at a time. He has a wonderful story and an admirable way of telling it. His heroic journeys through the snow, drawn by dogs in the cold regions of Northern Canada, are described in a way that will secure the attention of every one.

WALTER THOMAS AND GEORGIA DREW MENDUM IN "VIA WIRELESS"

Beginning Monday evening, January 18, Frederic Thompson's big production, "Via Wireless," will be the attraction at the Newark Theatre, coming direct from its long run at the Liberty Theatre, New York. There are many novelties in the mechanical portion of the piece, including a great rolling-mill scene in which a twelve-inch gun is forged, and a big ship scene in the

third act where the entire stage is seen to roll, pitch and toss as though an ocean liner was riding on a terrific gale. Mr. Thompson sends the production here with the identical cast and scenic production utilized during its long run at the Liberty.

A notable accompanying cast includes Edwin Arden, Miss Georgia Drew Mendum, Walter Thomas and other well-known players.

PLAN A TRUANT SCHOOL TO BE LOCATED HERE

A plan for the establishment of a truant school in Newark was mapped out at a meeting of the Essex County Schoolmasters' Association, held last night in the Board of Freeholders' room at the Court House. A feature of this plan was that a dinner should be given at the next meeting of the association, and that each member on that occasion should invite a freeholder as his guest, in order that ways and means of bringing about such a school might be discussed.

Dr. Charles S. Chapin, principal of the Normal School in Montclair, was the guest of the evening, and delivered an interesting address on the requirements that should be possessed by girls who take up the profession of teaching. During his address Dr. Chapin said:

"The only test available is the academic test, and this can only be taken from the certificate, properly attested, which the prospective normal student presents as her admission ticket to the school. One of the most necessary, if not the one most necessary, attribute for a successful teacher is the possession of tact—really a gift and not something to be drilled into one."

"Health is also a necessary possession of the prospective teacher of our young. My greatest dread in a normal school is the bloodless, anaemic girl, generally at the head of her class in scholarship and one whom it is practically impossible to drop because of her high stand, and yet I am firmly convinced that she can never be a success in her chosen profession."

"My experience is that a girl, no matter how good a student she may be, who comes from a home where the ideals of life are low, will not make a good teacher, because she will never entirely outgrow her home surroundings."

NEWARK WOMEN MOTORISTS WILL TRY FOR TROPHY

Reception in Newark and Trenton Luncheon Features of Monday's Event.

Everything is in readiness for the big two-days' run, New York to Philadelphia and return, of the Women's Motoring Club of New York, which will start on Monday morning at 8 o'clock from the Plaza Hotel, Fifth-ninth street, Central Park and Fifth avenue, New York. Nothing short of a real blizzard can now stop the run.

All of the original features and functions of the run have been retained, such as the reception in Newark in the clubhouse of the New Jersey Automobile and Motor Club, the luncheon in Trenton, tendered by Horace DeLisser, president of the Ajax-Grieb Rubber Company, and the escort from Trenton to Philadelphia by Dr. Overpeck, the official pathfinder of the Quaker City Motor Club, and a score of its members. The reception at night at the Hotel Walton, tendered by the Quaker City Motor Club, and an address of welcome by Mayor Reuburn, of Philadelphia. The return trip on the second day, an address by Governor Fort, who will officially receive the tourists in the State House in Trenton and a luncheon afterwards at the Trenton House. An escort through Staten Island by the Richmond County Automobile Club, a luncheon tendered by the club at the Atlantic Inn, Grant City, and an address by Borough President Cromwell.

Another valuable trophy has been presented to the entrants in the run, the \$100 Hol-Tan trophy, a superb bronze figure, to be awarded for the combination of car and driver making the best run, and this trophy can be competed for by any car and driver, with the exception of the Lande entry, which will not compete for it. It is donated with this positive understanding, Harry Fosdick wishes it to be understood that the trophy is open to competition to all cars entered in the run, except the Lande car.

Fred J. Wagner will be official starter of the run, and the timing and checking will be in the hands of an expert committee.
